LEARNING AT LFID

Our academic and educational project is innovative and based on an early learning of languages:

- AN ACADEMIC CURRICULUM ESTABLISHED BY THE FRENCH NATIONAL MINISTRY OF EDUCATION
- A TEAM OF FRENCH AND ENGLISH-SPEAKING TEACHERS
- A LANGUAGE PROGRAM TAILOR-MADE TO THE LINGUISTIC BACKGROUND OF EACH STUDENT

A SUCCESSFUL INTEGRATION OF NON-FRENCH SPEAKERS AT ALL LEVELS

AN EDUCATION SYSTEM OF FRENCH AS A FOREIGN LANGUAGE (FLE) IS PROPOSED TO NEW STUDENTS WHO DO NOT SPEAK FRENCH, FROM NURSERY TO SECONDARY SCHOOL. THIS PROGRAM ENABLES STUDENTS TO RAPIDLY REACH THE LEVEL IN FRENCH NEEDED TO SUCCESSFULLY CONTINUE AND COMPLETE THEIR EDUCATION AT LFID.

THE FRENCH BACCALAUREATE, A DIPLOMA RECOGNIZED WORLDWIDE

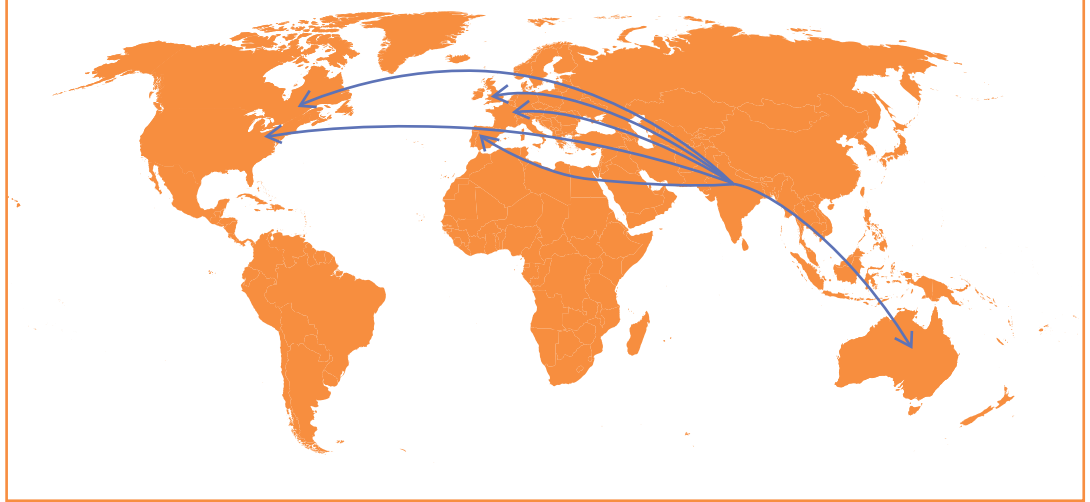

The success rate of LFID students in 2016 at the baccalaureate exam was 92%. Of this class, 50% were non-native French speakers.

After obtaining the baccalaureate, most of our graduates choose to pursue their studies at universities in:

- France : Universities, Specialized Schools
- Europe : Spain, Belgium, Switzerland
- Canada : McGill, University of Montreal, HEC Montreal, Concordia

In some countries like the USA or Canada, the French baccalaureate provides an advanced placement, which can count up to two semesters.

Throughout the period from Secondary School up to Graduation, LFID provides guidance on colleges and career opportunities.

PRESCHOOL

AGE: 2-3

Through early stimulation of the children's linguistic, physical and intellectual capabilities and introduction to life in a group, the education in this class encourages self-confidence and the desire to learn. This support is undertaken bearing in mind the particular needs of the children's age. The bilingual teacher, who has Montessori training, and her assistant, guide and encourage first attempts.
