

◆ WHAT IS TPS?

TPS = TOUTE PETITE SECTION (pre-school)

This class is year 1 of the French Kindergarten and comes before Petite Section.

It follows the French National Curriculum set by the French Education Ministry.

This class is open to 2 year-old children, even if they are not yet potty trained.

◆ TESTIMONIALS OF PARENTS:

« The staff of the LFID listens to the child and the parents' needs to design an individually adapted course. For Arthur to be able to register in the TPS is a real opportunity. We can already notice some progress made in various areas (speaking, social, body language, artistic activities...). We thoroughly recommend this class to the parents living in Delhi (...) »

Camille and Olivier, Arthur's parents

« My daughter says «Goodbye» every morning with a big smile! And that after one week at school ! I have to admit that I was a bit disappointed ... but of course very relieved. And I understand her. Who would not like to be in this luminous classroom and be surrounded by plenty of toys and devoted adults (...) »

Aruna, Maya's mother

« Our family is extremely pleased with the TPS program and the head teacher Jasmine. Our son is very happy and we will continue to enroll him.»

Adam, Maxime's father

◆ APPROACH TO LEARNING

Skills development is focused on the child and on the need to respect his/her emotional, physiological and cognitive needs. The core of our teaching approach incorporates activities to develop language and social skills of the child. The school uses exploration and manipulation of safe class surroundings and varied activities.

There are five main learning areas:

1. Language development of the child in all its varied aspects;
2. Communication, understanding and activity development through physical exercise;
3. Communication, understanding and activity development through artistic activities;
4. Building the first tools to help structure a child's thoughts;
5. Exploring the world.

◆ ADVANTAGES OF THE FRENCH INTERNATIONAL PRE-SCHOOL OF DELHI

- Weekly flexible schedule: Morning or Full Day.
- A progressive introduction to school life tailored to each child and parents' needs.
- Toilet training in accordance with each child's physiological maturity.
- Montessori trained teacher.
- French medium environment with extra support for non-French speakers to become fluent in French and English at an early age.
- Good teacher-child ratios with one teacher and two assistants for fifteen children.
- School calendar and locale common with the Primary and Secondary school classes at LFID - convenient for parents with older children enrolled currently in the LFID.
- Safe environment: full-time nurse in the school and contract with an international hospital.
- Air purifiers and air conditioners installed in all premises of the school. LFID has achieved excellent air quality standards in Delhi. Specific pollution and high-heat protocols for all outdoor activities have been implemented.

◆ REGISTRATION AND FEES

Please contact us for application form and tuition and fee regulations. The tuition fees will be 290 Euros per month, meals included. There are no additional registration fees.
