EDHEC MAKES AN IMPACT

ON BUSINESS

In an increasingly complex and competitive environment, the businesses that succeed are those that know how to understand and prepare for the future and question established models. EDHEC's research centres inspire and encourage innovation. Their work, recognised for intellectual excellence as much as for business value, are benchmarks in fields as diverse as finance, business law, ethics, marketing and management. They also help sustain EDHEC's academic programmes, presenting students with the realities and challenges of doing business.

ON TALENT

EDHEC's excellence in fostering talent is measured as much by the skills learnt as by the personalities that emerge. For 110 years, EDHEC has been cultivating independent thought, non-conformism and entrepreneurial spirit. Thanks to the depth and breadth of its programmes and the international renown of its professors, EDHEC is a place where academic knowledge and business experience are mutually enriched, where the realities and challenges that managers face can be addressed in the open, and where students can develop quick thinking and inventiveness.

ON CAREERS

EDHEC's ambition "to train managers and entrepreneurs to be ready for business" is best illustrated in the achievements of its graduates, 53% of Financial Economics students find a job before finishing their studies. Thanks to the academic excellence of its programmes and the strength of its international alumni and partner company networks, the School is a springboard to employment, being especially attentive to opportunities for bringing candidates and recruiters together at the key moments of a professional career.

Unrivalled finance education

EDHEC Business School prepares international talents for global careers. Known for our academic excellence and top-ranked business education, our mission is to prepare leaders to succeed in a challenging business environment that demands agility, innovation and social responsibility. EDHEC's close relationship with global enterprises allows us to offer unique insights and opportunities to our students and to provide a transformational business education where the measurement of our success is the success of our graduates.

The EDHEC Master in Financial Economics programmes have equal impact on skills and careers. They provide business relevant education for students who seek top-level positions within leading, global financial institutions. Thanks to their close ties with major financial industry players, the EDHEC-Risk Institute and Programme Corporate Partners, our programmes will help you become a leader in finance.

EDHEC / FINANCIAL ECONOMICS

UNIQUE GLOBAL BUSINESS SYNERGIES

EDHEC creates tomorrow's leaders through sponsorships and partnerships with global financial industry leaders. Our sponsors play active roles in the classroom and their involvement in the design of the programme ensures that the curriculum is always business relevant.

A MULTICULTURAL ENVIRONMENT

EDHEC encourages and develops cross-cultural exchange on all levels. With over 100 nationalities on campus, our students discover a world of opportunities by embracing diversity and thinking globally.

SPECIALISED PROGRAMMES

Our extensive portfolio of finance programmes is specifically designed to meet student and market needs. You will acquire professional skills through a unique learning experience enriched by our finance partner institutions: PwC, CFA Institute, GARP, Bloomberg and Société Générale.

AN UNRIVALLED EXPERIENCE

EDHEC delivers a hands-on approach to study: you are placed in real-life business situations from day one. EDHEC is not just a business school: it is a school for business. A strong sense of community spirit thrives on campus where friendships are nurtured within a network of over 40,000 alumni worldwide.

INTERNATIONAL REACH

Our challenging and innovative programmes have a strong international reputation and this is reflected in our statistics: in 2017, 95% of our graduates found jobs with an international dimension and 57% found their first job outside their home country.

JUNE 2020 – ONWARDS

INTERNSHIP

You are required to take a 3-month internship at the end of your academic year. A full-time position replaces the internship requirement.

DOUBLE DEGREE*

If you wish to graduate with a competitive advantage in the US financial career market, then the EDHEC double degree agreement with MIT Sloan School of Management is the obvious choice. The Master of Finance programme can be completed in 12 or 18 months and can replace the Master 2 year at EDHEC.

* Applies to Master in Management students.

INTERNSHIP ABROAD

The value of an international internship is important for pursuing global career objectives. The personal and professional benefits of an internship abroad are immense and long-lasting. During your internships abroad (between M1 and M2), you will develop valuable business relationships which will take your career goals to an international level.

EXCHANGE PROGRAMMES

EDHEC exchange programmes are prime opportunities to explore new subjects, develop your international reach and carry out a professional project. You can choose a short-term exchange during your professional immersion year.

SUMMER PROGRAMME

The Columbia University Summer Programme in Managing Human Behaviour in the Organisation will allow you, after Year 1, to study in New York City. Topics covered include: Machine Learning, Data Structure in Java, Labor Economics, Security Analysis and Managing Information and Knowledge.

MASTER in MANAGEMENT FINANCIAL ECONOMICS & MSc

Your passport to professional excellence

If you are a young graduate or young professional, our flagship Grande École programme will provide you with the opportunity to study for a double degree: the Master in Management and the Master of Science. The full-time programme is in English. It is designed for talented students that have a first degree in a numerate discipline, and who seek an international career in finance. The first year equips you with the fundamental knowledge in finance and technical competencies required for your qualification and specialisation internships as well as for your Master 2.

“I chose the EDHEC MiM FE programme because I knew it would give me a perfect combination of financial knowledge and real-world opportunities to apply my knowledge. Having completed the programme, I can say I was not disappointed! I gained a broad understanding of finance, international work-experience, valuable professional skills, and a strong network of friends and alumni whom I can count on. I believe the programme has prepared me to make an impact in a globalised world. My classroom experience, presenting projects to peers and professors, has enhanced my public speaking skills and my professional immersion period, with the chance to work in 3 different countries, has made me comfortable in diverse communities. I will always reflect on my time at EDHEC with grateful and nostalgic eyes.”

CORPORATE SPONSOR  **SOCIETE GENERALE**

“I chose to focus my studies on Investment Banking and Private Equity, and joined the MSc in Corporate Finance and Banking for my last year.

It provides the ideal combination of technical knowledge, business application and professional guidance. An integral part of the EDHEC experience is the combination of theory and practice and the continuous efforts by professors to push you to question the status quo and your analysis. Success in this programme requires a strong aptitude for team-work, a desire to take initiative and the ability to stay focused on your goal. Clearly, once you graduate you are fully prepared to perform at your highest potential from day 1!”

“EDHEC’s Master has been one of the defining steps in my life. The curriculum gave me an in-depth understanding of Finance and Accounting. During my daily coursework (classes, group projects, Master’s thesis, etc.) I exchanged ideas with students, not only from my International Accounting & Finance programme but, from other streams in Financial Economics. This gave me a breadth of financial knowledge and shaped my holistic understanding of the field. In addition to acquiring the financial know-how required for professional growth, I learnt, with the help of the Career Centre, interviewing techniques and vital communication skills. The MSc in International Accounting and Finance made me industry-ready and job-qualified.”

MSc in RISK & FINANCE

The MSc in Risk & Finance is an advanced, 13-month, part-time, programme taught in London. Compatible with professional schedules, this programme prepares you for decision-making roles in financial markets, corporate finance and risk management. You will learn about pricing & hedging financial instruments and assessing & selecting investments. This programme will suit you if you have a quantitative background, are an investment industry professional or a finance professional contemplating a lateral move. Completion of this course will give you the fundamentals of financial risk management and equip you to make key corporate finance decisions.

ACADEMIC PARTNER *

“I chose EDHEC because the curriculum offered was more interesting than at any other business school. The programme covers the entire financial spectrum and, when I enrolled, it was the only school offering a course on ‘smart betas’ (Factor Investing) which is currently a key topic in the asset management industry. Even though the Grande École programme takes 3 years, it enables students to gain one year of work experience between the first and final year of studies. It is the perfect balance between practical experience and academic theory. My time at EDHEC brought me closer to the work place: in comparison to the very theoretical Italian system, EDHEC professors actually work in finance, we are in constant contact with the industry thanks to the Career Centre and this provided me with an immediate connection to the industry.”

“I chose EDHEC for its very impressive *Financial Times* ranking and because it is the only school which offers an MSc in Finance to students from different international backgrounds. EDHEC is exactly like the real world of business and it prepared me for business realities: the expectations are very high and students are fully responsible for their own progress. I fine-tuned my project management skills during the programme through concrete project management; a skill I now apply on a daily basis. The support I received from the Career Centre was excellent. EDHEC CAREER CENTRE, YOUR PERSONALISED CAREER BOOSTER

The EDHEC Career Centre is a one-stop-shop for career development. As of year 1, it offers an integrated career programme designed for you to define and achieve your career goals: the Talent Identification & Career Development (TI&CD) programme.

FROM YEAR 1, THE TALENT IDENTIFICATION & CAREER DEVELOPMENT (TI&CD)

PROGRAMME HELPS YOU DEFINE YOUR CAREER PATH, TAKING INTO ACCOUNT YOUR SPECIFIC NEEDS AND PROFESSIONAL OBJECTIVES. The Career Centre organises numerous training and recruitment events, on- and off-campus, to prepare you for challenging international recruitment processes and to help you network with potential employers.

CAREER EVENTS

- **120** corporate events across campuses
- **+110** companies at our Paris Career Fair
- **40** companies, of which **50%** are international, at our International Career Day
- International Graduate Programme Day
- Industry-specific events: luxury, audit, marketing, etc.
- Explora Digital Certificate.

YEAR 1

Define your career plan and master international recruitment processes

The EDHEC Career Centre assists you in defining your career plan by focussing on three key areas: knowing yourself, understanding the market and mastering international recruitment processes.

YEAR 2

PROFESSIONAL IMMERSION Gain experience and develop your international exposure

The choice of an internship is crucial when planning a professional career path. Many students find their jobs as a result of internships during their time at EDHEC. During this period, the Career Centre continues to support you in your job search and career planning.

YEAR 3

Fine-tune your career plan

The Career Centre helps you design your job-search strategy and assess your recent work experience and managerial competencies. The TI&CD programme, unique in Europe, evaluates and assesses your strengths and areas of improvement based on 8 managerial competencies defined by international recruiters. The TI&CD is a real career booster enabling EDHEC students to assess and hone their managerial competencies to be particularly efficient in their first job.

To be continued... EDHEC ENTREPRENEURS INCUBATOR & ACCELERATOR

The EDHEC Entrepreneurs Incubator & Accelerator's mission is to provide coaching and mentoring to EDHEC Students and Alumni working on Start-up projects. We offer business support resources and services to accelerate the growth and success of entrepreneurial companies at any stage of their development. We are situated in Paris at Station F and on our campuses in Lille and Nice where we offer co-working spaces. The EDHEC Entrepreneurs Incubator & Accelerator also has an online platform to support international projects.

ALUMNI FOR LIFE

The EDHEC Alumni association is a network of over 40,000 graduates and students throughout 125 countries. The association provides life-long support to graduates and helps them to develop and promote their professional projects and businesses.

EDHEC AT THE HEART OF RESEARCH AND BUSINESS

At EDHEC, our educational model combines teaching, research and business.
