Description de la société	<p>Shanghai Insiders was founded in 2008 in Shanghai, we now operate in Shanghai, Xian, Guilin and Marrakech (Morocco).</p> <p>We believe that not knowing your neighbor creates fear of your neighbor and that this fear is the source of the many things that are wrong with the world today. Our vision is to allow people from one culture to better understand another culture and to spark curiosity for this new culture one ride at a time.</p> <p>To do this, we do bespoke off the beaten track rides of Shanghai which avoid shopping and touristic landmarks as travelers don't need us for those. We don't talk about clients but about passengers. We're not guides, we're insiders: we're the friend of a friend you wished you had in a city you didn't know.</p> <p>Our ambitions are very high, we want to go above the expectations of our passengers in every possible way (we'll show you how to do this) and be a bucket list item (-make sure your potential insider understands what a bucket list is-).</p> <p>Our 3 pillars that make us stand out are first our people, our insiders have a great personality, they are curious, outgoing and filled with empathy, then our second pillar is what we show and how we show it: nobody knows the city like us and we'll train you to be a city expert in no time. Our third pillar is the least important but the most visible: our vintage convertible jeeps which come from the chinese army, they're the best way to get around the city and bring the exhilarating factor of our rides out.</p>
